

Connect Devices Wirelessly with AirPlay

If there is no connection, make sure both devices are on same wifi network. Older devices may not work with AirPlay

Step 1: Go to Control Center

Computer

Click the **Control Center** button on **your computer**, select **Mirror or extend to:** **P203-202012**

OR

iPad or iPhone

Click the **Control Center** button on **your iPad or iPhone** and click the **screen mirror button**, select **P203-202012**

Step 2: Approve Connection

On the computer you are AirPlaying to, **click Accept**

On **your device**, enter **!nscad!** for the password. **Click OK.**

After a brief delay, your image will now be shown on the other screen.

**** Audio controls (volume) will be controlled by the computer you AirPlay to.****

To stop AirPlaying, press escape on the computer's keyboard you are AirPlaying to or press the **X** on the top left of its screen.
